

To Whom it May Concern,

This letter is to certify that The Quad Manhattan Summer Program is an all-inclusive program for twice exceptional students. The program targets the development of social and executive functioning skills through a fun and interactive camp experience with talent development. Twice Exceptional or 2e children have intellectual or creative gifts (the first exception or “e”) and also have lagging social or executive functioning skills (the second “e” or exception). The Quad was developed by experts in medicine, child psychology and gifted special education. We use kids’ strengths and passions to hide skill development in creative and engaging after school classes and activities during our summer camp.

Financial aid and scholarships are awarded to families on a case-by-case basis, regardless of the student’s diagnosis. The Quad Manhattan is a privately funded program, run primarily on tuition alone, therefore these funds are extremely limited and granted after the family has been accepted to the program.

Please feel free to contact me directly for any further questions regarding financial assistance at The Quad Manhattan.

Sincerely,

Ashley Riviere
